ASSURANCE STATEMENTS

- Professionally acceptable standards governing the care, treatment, and use of animals including appropriate use of anesthetic, analgesic, and tranquilizing drugs prior to, during and following actual research, testing, surgery, or experimentation were followed by the research facility.
- Each principal investigator has considered alternatives to painful procedures.
- The facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all such exceptions is attached to this annual report in addition to justifying the IACUC-approved exceptions, the summary includes a brief explanation of the exception, as well as the species and number of animals affected.
- The attending veterinarian at the research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.
